

LHCb - Outer Tracker	Guglielmini P.
Demineralized water cooling unit Principle Schema EDMS n. 549109 v.1	 No scale
	22/02/2005
CERN/TS/CV	

LEGEND

Pneumatic ball shut-off valve (normally open)

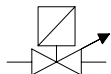

Pneumatic ball shut-off valve (normally close)

Electrically actuated three ways valve

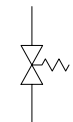

Manual ball shut-off valve

Electrical regulating valve

Manual balancing valve

Relief valve

Schrader valve

Flow transmitter

Temperature transmitter

Conductivity transmitter

Pressure transmitter

Level transmitter

Temperature switch

High pressure switch

Pressure indicator

Flow switch

O/C

Open / close contact switch
